

Since its founding, the ILI has been committed to pioneering new approaches to environmental planning, and to raising the standards of landscape design in Ireland.

The Awards give recognition to exemplary landscape projects by members across a range of categories. We are delighted to announce that the ILI Irish Landscape Awards 2015 ceremony will be held in mid-October and that selected boards will be on exhibition for two weeks at the Irish Architectural Archive, in Merrion Square. The boards will then go on a travelling exhibition around the country.

Founded in 1992, the ILI is the Professional Body representing Qualified Landscape Architects, Landscape Managers and Landscape Planners in Ireland. It is the National Representative Body for Ireland in the International Federation of Landscape Architects (IFLA) and a body for the general advancement of Landscape Architecture and Management and for the maintenance of the Interest, Status and Uniformity of Practice of the Profession.

The Diane Nickels Award is a new special Commemorative Award for Landscape Hand Drawing. This award is to recognise, promote and celebrate one of the Landscape Architect's key skills - the use of drawing, by hand, as a means to communicate, develop and articulate design ideas.
