Opportunity for Project Landscape Architect

Murray & Associates is a leading landscape architecture practice based in Clontarf, Dublin. The practice undertakes a wide range of landscape planning and design projects in Ireland and overseas.

We aim to create outstanding landscapes that give satisfaction to clients, enjoyment to the user and satisfaction to us as professionals. We offer motivated personnel the opportunity to work on challenging projects that improve their professional skills and contribute positively to the practice.

The practice now has a vacancy for a **Project Landscape Architect**. Candidates must have a degree or masters in Landscape Architecture with a minimum of 3 years experience. Candidates with professional, third-level qualifications recognised by IFLA preferred, but not essential. The ideal candidate will have strong design skills, on-site and office based project management skills and experience of landscape and visual impact assessments and report-writing. They will also be personable, with good organisational abilities.

Candidates must be competent in AutoCAD and Adobe graphic design software to produce imaginative, communicative drawings to support their ideas. They must also be able to effectively communicate with clients and colleagues verbally and in written form.

Your application should consist of cover letter, CV and portfolio. Shortlisted candidates will receive a job description and details prior to interview.

Please send your application by email to Mark Boyle, Director (mark.boyle@murray-associates.com).
